PUBLISHER'S STATEMENT OF COPYRIGHT AND LIMITATION OF LIABILITY

Reproduction of any part of the **1992 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter, Inc.** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **1992 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. The free dealer listings may be corrected for the **1993 NDD** by submitting one of the Change of Address/Listing coupons provided.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **1992 Numismatic Dealer Directory** has been prepared for use by members of the numismatic dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer in the **1992 NDD** DOES NOT MEAN that the **Coin Dealer Newsletter** has endorsed the products or services of such dealer. Neither the listings of dealers nor the display advertising constitutes an endorsement of the individuals concerned, their companies, business practices, or products. Furthermore, you should be aware that "GREYPAGES" advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

USING YOUR 1992 NUMISMATIC DEALER DIRECTORY

Your **1992 NDD** contains three sections, each having a specific significance to the entire directory. The first section is primarily a cross-referenced, alphabetical listing of **bolded** personal names (by last name) and CAPITALIZED company names. The personal names of numismatists will be followed by their company name and the state under which the company will be listed in the second section. To make finding someone even easier, we have also included COMPANY names. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN, MD" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, and his company name, and telephone number. Telephone numbers are provided when available.

The second section lists dealers alphabetically by state, and therein alphabetically by their company name. Company names that start with a numeral, such as 1-A Coin Co., or an initial, such as A&B Coin Co., are listed at the beginning of each state section. If you know the company name and state, you might want to go directly to the second section to obtain the full mailing address or telephone number. When an individual's name is also the company name, **keep in mind that the listing here will be alphabetical using the first name**. For example, since Julian M. Leidman is also the name of his company, his address can be found listed alphabetically in Maryland under **J** (for Julian). Within the second section, we have highlighted with blue ink "GREYPAGES" advertisers. We encourage you to read all advertisements; they contain important information, and without the support of these leading dealers, this directory would not be possible. State heading are also highlighted in blue.

The final section of your **1992 NDD** contains the "GREYPAGES" advertising. Included are many of America's leading numismatic companies — companies who were sure that this directory would be one of your most useful numismatic tools. The "GREYPAGES" begin with an index which lists all of the various advertising categories. Under each topic, you will find the specific advertisers with expertise within that area. You will also find cross-references in red ink directing you to advertisements under related categories. We encourage you to use your **1992 NDD** to the fullest.

The information contained in the **1992 NDD** has been updated to the best of our ability based upon the responses you made on the cards returned to us, plus the most recent public information available. Every effort has been made to ensure accurate and complete information for every listing. If any of the information in your listing is not correct, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. In the directory, we have included several coupons for updating your pertinent data. Please use these whenever appropriate — and remember that many new telephone Area Codes are being created.

We hope that you find the **1992 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible.

The Coin Dealer Newsletter

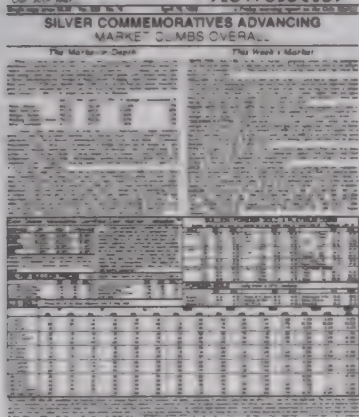

will be celebrating its (please check):

___ 30th birthday
___ 17th birthday
___ 1st birthday

If you checked all three choices, you are correct. The *Greysheet*, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale, pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the *Greysheet* is more than just the *weekly* CDN. The **CDN Monthly Supplement** has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the **CDN Quarterly** now brings CDN subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent, unbiased* attention, all so that you can make informed buying and selling decisions.

THE 1993 NUMISMATIC DEALER DIRECTORY

The **Coin Dealer Newsletter** family of publications reaches every major dealer in America, as well as all serious investors and collectors. This is the prime audience for your numismatic advertising—these are the sophisticated numismatists that you can target only through advertising to our elite group of subscribers. For years, leading dealers have advertised in the **Coin Dealer Newsletter**, the **CDN Monthly Supplement**, the **CDN Quarterly**, the **Currency Dealer Newsletter**, the **Certified Coin Dealer Newsletter**, and the **CCDN Asksheet**. And they come back year after year, because they know their ads work!

We are pleased to offer you the opportunity for advertising that can work for you! Your advertisement in the **1993 Numismatic Dealer Directory** will reach this eager audience for **one entire year**! A free copy of the Directory is mailed to every one of our regular subscribers shortly into the new year. As effective as our weekly advertisements are, just imagine getting a **whole year's worth of impact for less money than one weekly advertisement**!

A **FREE** copy of the **1993 Numismatic Dealer Directory** will be sent to all regular subscribers of the **Coin Dealer Newsletter** ("the Greysheet"), **Currency Dealer Newsletter** ("the Greensheet"), **Certified Coin Dealer newsletter** ("the Bluesheet"), or the **CCDN ASKSHEET**.

NEED TO MAIL?

Need to contact America's leading numismatic dealers? Make your advertising and postage dollars count with America's best dealer listing. The company name and numismatist sections of the

1992 Numismatic Dealer Directory™

are available for rental. Since the Directory is fully copyrighted, this is your only source for this proven list averaging 6,000 current names and addresses. And **current** is a promise taken seriously - the data base is updated **daily**. All for only \$325 - well below the mailing industry standard of \$75/thousand.

To make this offer even more attractive, labels are available in both First Class - Zip Code order or Presorted for Third Class - Basic Bulk Rate mailings (you can save more than \$425 over First Class postage rates!). Need just one state or region? Need a trial sample? Want to take advantage of our discounts for multiple mailings? Contact us for details!

1991—What A Year!

The year of 1991 was an important one for Stack's—we had the pleasure of successfully offering for sale numerous rare coin collections, through a spectacular array of exciting auction sales.

We offered major and noteworthy collections in the United States Gold, Silver and Copper, as well as Paper Money fields, together with world coins from Ancient to Modern Times in all metals.

It was a record year: we issued 12 different catalogues, containing 2,110 pages, offering 33,508 lots encompassing all numismatic areas. There were in many cases pedigreed sales, including the collections of such numismatic luminaries as Eugene B. Benedict, Harry X. Boosel, Amon G. Carter Jr., Michael Granis, Edward Hessberg, Harold Kaufman, James Thompson, Charles Wiggins with additional consignments from the Rising, Wellesley, Alto II, Charlotte and the Strong Museum to mention a few. Of course we also featured important coins and smaller collections from several hundred other consignors. They were sold successfully, with many record prices established. We want to thank each of you for helping us have such a memorable year.

We know Stack's offers an unrivaled record of sales, prize winning catalogue presentations, excellent sale results, one of the most active mailing lists, both domestic and foreign, to whom coins are offered, and unparalleled experience of over 55 years of selling at auction. Our cataloguing staff is the envy of the hobby, for it contains the largest number of specialists and cataloguers under one roof.

We are now planning our auction schedule for 1992 and 1993.

If you are no longer adding to your collection, we invite you to consider taking advantage of our 1992 and 1993 Auction Sales Program. We believe we can offer the best staff, the best catalogues, the best mailing list and the finest presentation for your collection. Nearly two dozen selling dates will be made available.

If you are thinking of selling, you must think of what Stack's offers.

We welcome hearing from you. Please send an inventory of what you wish to sell. We will contact you immediately, either in writing, by phone, or by personal visit, to further explain why Stack's can help you achieve the most profitable disposal of your collection.

Thank you for being a valued collector. We hope to be able to serve you should you decide to sell your collection.

Littleton's 100,000 collector customers want your coins...

Last year they bought over 3 million coins from us!

David Sundman, President
ANA LM 4463, PNG Member

Littleton has served collectors by mail for over 46 years, and provides the quality merchandise, personal service and honest business approach you expect from a New England family firm.

Our more than 100,000 customers from all 50 states have a broad array of collecting interests — from Lincoln cents and Buffalo nickels to early Bust coinage and 19th Century rarities! To satisfy the tastes and meet the budgets of so many thousands of different collectors, our inventory ranges from coins costing less than a dollar to important rarities worth thousands of dollars (in fact, Littleton offers the widest selection of U.S. coins in the widest choice of grades available anywhere).

Each year we need to spend millions of dollars for U.S. coins in grades from AG-3 to MS-65. So if you have coins to sell, whether single issues or entire estates, perhaps you should consider a company with the buying power of 100,000 collector customers. Our needs are extensive, and as a retail dealer, our buy prices for a wide range of U.S. coins are highly competitive.

We bought one 1856 Flying Eagle, then had to purchase three more!

Recently we were fortunate to have in stock a pattern 1856 Flying Eagle cent. But when we told our customers about this famous rarity, we soon needed *three more 1856 Flying Eagles!* We had *one* choice uncirculated MS-63 specimen of the very scarce 1895 S Morgan dollar — and we received three orders. We had a proof 2¢ piece, scarce-date uncirculated large cent, high relief Saint-Gaudens, proof trade dollar, and our avid customers snapped up these rarities promptly!

Of course, we still serve thousands of collectors who like inexpensive coins, but many of our customers are after scarcer issues in a variety of grades. Here are some scarce key-date coins we're currently seeking:

1856 Flying Eagle Cents
1864 Small Motto 2¢ Pieces
1885 Nickels
1877 Cents
1893-S Morgan Dollars

1896-S Quarters
1901-S Quarters
1909-S VDB Cents
1916-D Dimes
1916-S Half Dollars

Chief Buyer Jim Reardon and Buyer Butch Caswell
transacting business via phone and teletype

1921 Half Dollars
1921-D Half Dollars
1937-D 3 Legged Nickels
1942 "2 over 1" Dimes
1955/55 Doubled Die Cents

...last year they bought over
3 million U.S. coins from us!

**Large Cents, Half Dimes, Shield Nickels, 20¢ Pieces,
Seated Quarters, Bust Halves? We're always interested in older coinage!**

You may not know that Littleton's customers collect all types of half cents, large cents and half dimes; Bust, Seated and Barber dimes, quarters and halves; Bust and Seated dollars; obsolete 2¢, 3¢ and 20¢ pieces; scarce-issue commemoratives; gold coins from dollars to double eagles; plus much, much more...

Last year, we bought a hoard of over *six thousand* two-cent pieces and three-cent pieces, and sold them all one by one to our collector customers! We purchased a hoard of 90 bags of Liberty Head nickels (360,000 coins), and our customers have purchased every coin!

With our customers' interests as broad and varied as they are, Littleton has a wide range of needs in U.S. coins from 1793 to date in a variety of grades. And with over 100,000 collector customers, Littleton has the resources to execute major deals and opportunities.

- We'll promptly travel anywhere for major collections and estates.
- We will buy the entire collection.
- Straightforward appraisals and offers.
- Immediate confirmation and settlement.
- Finders fees and joint arrangements.
- Over 46 years of honest, reliable service and experience.

COMMITMENT

FUNDAMENTAL FOR SUCCESS

For many of today's numismatists coin collecting started at a young age with the discovery of a few 'old' nickels or pennies. As we grew older, the excitement of finding, trading and collecting coins stayed with us. Eventually, the hobby became a business and the business grew into an industry. But as an industry our standards have often been considered too loose for coins to be recognized as a serious investment option.

At the NUMISMATIC GUARANTY CORPORATION OF AMERICA, we are committed to advancing numismatics—both as a hobby and as a business.

This commitment goes beyond simply providing superior and consistent coin grading services to a select dealer network. In the coming months NGC will announce a series of unique, valuable and exclusive plans and programs designed to foster pride, professionalism and growth. Watch for details.

Certified Coin Dealer newsletter

CERTIFIED COIN DEALER newsletter

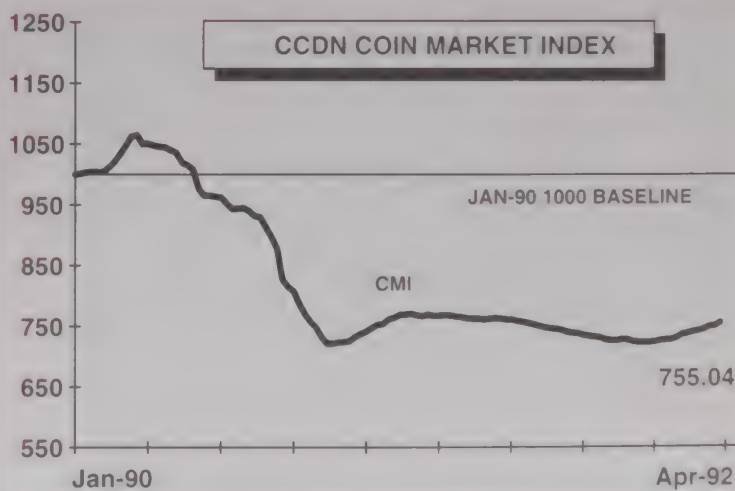

Year Starts on Positive Trading Note
Coins Moving In Active Market

The **Certified Coin Dealer newsletter** ("Bluesheet"), published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, and Numismatic Certification Institute. Published weekly, the **CCDn** ("Bluesheet") reports the highest known bids on actively traded certified coins in various grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the four leading services. Bids for PCGS and NGC are reported every week; Bids for ANACS and NCI are updated monthly. Over the past six years, the certified market has been incredibly active. The vola-

tility that has come to characterize the sight-unseen market has been especially pronounced since early 1990. As our **CCDn CMI** (a weekly **Bluesheet** feature) illustrates, the market is starting to recover. And in addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The **Bluesheet** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, volatility seems to be an enduring characteristic of the certified coin market. Bids can increase or decrease dramatically in a short period of time. Without current market information, making informed buying or selling decisions is impossible. You need the **Bluesheet** now!

COMMITMENT

FUNDAMENTAL FOR SUCCESS

For many of today's numismatists coin collecting started at a young age with the discovery of a few 'old' nickels or pennies. As we grew older, the excitement of finding, trading and collecting coins stayed with us. Eventually, the hobby became a business and the business grew into an industry. But as an industry our standards have often been considered too loose for coins to be recognized as a serious investment option.

At the NUMISMATIC GUARANTY CORPORATION OF AMERICA, we are committed to advancing numismatics—both as a hobby and as a business.

This commitment goes beyond simply providing superior and consistent coin grading services to a select dealer network. In the coming months NGC will announce a series of unique, valuable and exclusive plans and programs designed to foster pride, professionalism and growth. Watch for details.

Put a coin expert in your pocket

The 1992 Coin World Guide to U.S. Coins, Prices & Value Trends

is like having a coin expert working for you. With values for every series of U.S. coin in up to 9 levels of preservation, you have immediate access to pricing information for anything from a 1793 half cent in About Good 3 to a Saint-Gaudens double eagle type coin in Proof 65. What's more, you have insights into the workings of the rare coin market, critical information about coin grading and grading services, a visual encyclopedia of common error types, and as much numismatic information as we could pack into this 336-page paperback powerhouse. It hardly seems fair that we charge only \$4.95, so tack on 50¢ for postage and handling, and get ahead of the competition.

Ask for it at book stores and coin shops, or write Coin World Books, P.O. Box 150, Dept. D2, Sidney, OH 45365. Order by phone toll-free (800) 253-4555 [in Ohio, please call (513) 498-0800]. Have VISA or MasterCard number ready.

Four Good Reasons To Read This Ad

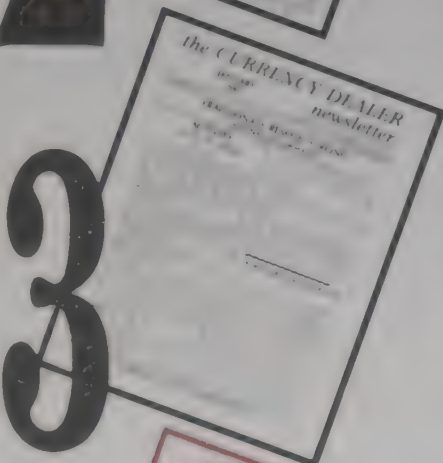

The Greysheet

(as the Coin Dealer Newsletter is often called) has been the standard wholesale pricing-guide of the coin industry since 1963. It is an up-to-date reporting of dealer-to-dealer Bid/Ask prices on rare coins, from the earliest through the most recent issues. For 29 years we have given our subscribers the most comprehensive and unbiased report on the entire coin market, with all the facts necessary to make informed buying and selling decisions. The CDN is published weekly to enable you to keep pace with the often dramatically changing price levels. Plus your subscription includes FREE monthly and quarterly supplements. All coin dealers have discovered how invaluable the "Greysheet" is.

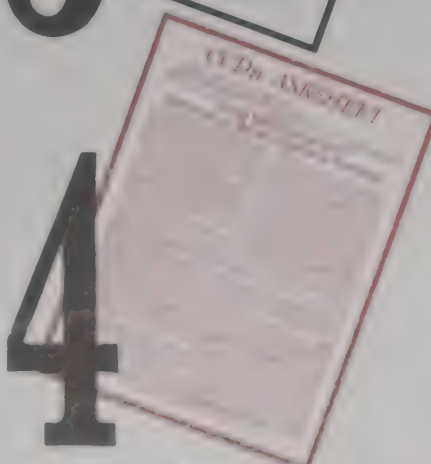

The Bluesheet

The same independent, unbiased professionalism that has brought you the Greysheet for 29 years, brings you the ultimate price guide for the certified coin market. The Certified Coin Dealer newsletter reports the highest known Bids of actively traded PCGS, NGC, ANACS, and NCI coins. The CCDn brings you an intensive look at the certified coin market and the variables in price structure among the industry's leading grading services.

The Greensheet

The Currency Dealer Newsletter covers dealer-to-dealer Bid/Ask prices on U.S. fractional currency, large size U.S. notes, small size U.S. notes, uncut sheets, small size currency and in-depth articles and analyses. This monthly publication is the only up-to-date pricing guide available in today's ever-changing Paper Money market.

The Asksheet

The CCDn ASKSHEET provides a monthly listing of the lowest Asks or Last Trades on coins listed in the Bluesheet. This is the Bluesheet companion that dealers and investors demanded, for fullest analysis of pricing on certified coins. Even if the sight-unseen Bid reaches unrealistically low levels, having wholesale Low Ask or Last Trade information available will allow dealers to make more informed buying and selling decisions.

An important note about all of our Newsletters
The publishers of these price guides do not buy, sell or trade coins. In short, there are no persuasive forces that might distort the true market picture

Get the answers first!

Over 55 years in the auction field. Stack's first auction sale was held October 18, 1935
- 2** How many auction sales has the firm conducted?
Stack's has held 425 public auctions; 83 mail bid sales consisting of over 700,000 lots.
- 3** How many auction sales are typically conducted during a single year?
Stack's has conducted 10 to 12 auction sales every year for the past few decades.
- 4** How many experts, and how much experience will be available for the cataloguing of a collection?
Stack's has 16 experts in all; 3 Foreign, 3 Ancient; 7 United States; 4 staff consultants; with a total of close to 350 years of cumulative experience.

Stack's possesses the largest privately owned numismatic library in the world; containing over 10,000 reference works.
- 6** How extensive is the firm's mailing list, and how many catalogues are actually printed and mailed to interest buyers?
Stack's mailing list contains over 51,600 names. More than 6,000 catalogues are printed and distributed for each auction sale;

- 10** How is the selling commission determined?
Fees are negotiable depending upon the size of the collection or the rarities contained. There is one fee only; with no additional charges for any of Stack's services including insurance, promotion and printing, cataloguing, etc. You know in advance exactly what your costs will be.

- 11** What type of security is available to assure the safekeeping of a collection?

Stack's has electronically protected vaults and premises; two uniformed, armed guards are always in attendance; complete insurance coverage against fire or theft.

- 12** What type of equipment does the firm have to assure maximum bids from buyers and prompt delivery?

Stack's has all of its numismatic activities backed by a full in-house computer operation to provide quick and accurate information to both buyers and sellers; to maintain activities on a global level, Stack's uses Western Union Telex.

We think it's important for you to ask these questions. And, after examining our answers, there can be no doubt that Stack's has the most experience, the finest facilities, the best staff for the sale of your collection, and an unparalleled record of successful results in the numismatic public auction field.
